MEMORANDUM FOR: Project Director *In suby folder*

SUBJECT : An Additional "R" Clearance for Army

1. Attached is a request for an "R" clearance for Major George Van Laethem of General Schow's office. I requested Colonel Dodds to put his request in writing with full justification. Earlier, I asked [REDACTED] to talk with Colonel Dodds to persuade the latter that Laethem would not need an "R" clearance. The Army response is as outlined in the attached.

2. Recommendation. I recommend you approve this request because I think it's a good justification, one of the most important arguments I believe being that bearing on the role of General Gavin.
